DESCRIPTION

The Invito collection is defined by robust beauty, insisting on strong forms, effected with solid and compact basic material – wood. Simple, powerful, finely proportioned forms seem reliable, evoke durability, resistance and comfort. The holders here play a clear role; built to last with exceptional stability. The beauty and strength of wood is visible in the expressive shapes of the elements, additionally accentuated by unexpected contrasts in the material, tones, colour, in the details changing and enriching the character of the piece. Invito is a collection of unassuming aesthetics, of finely crafted simple forms and of a strong character.

PRODUCTION PROCESS

The sideboards, lowboards and cabinets are crafted from solid wood, carefully chosen to showcase the natural grain and texture. Precisely cut and shaped, each piece features clean lines, perfectly fitted joints, and sturdy construction for long-lasting durability. Surfaces are hand-sanded and finished to protect the wood and enhance its organic beauty. High-quality hardware ensures smooth, silent door and drawer operation, while select designs feature sculpted fronts or integrated handles that highlight Artisan's craftsmanship. Available in various styles and finishes, these sideboards blend timeless elegance with functionality, making them a versatile addition to any space.
