With its pure and simplistic design, the 60s inspired JFK Desk is designed for the stylish home office. The desk has a slim table top of ash with three inbuilt drawers and a hidden space for a powerbank, making it easy to power a laptop, table lamp or smartphones. The desk is available in two versions, with four conic shaped legs or with height adjustable hydraulic legs, both with matte black finish.

Please note that the motorized version is not certified to meet US standards.

**WARNING:** This product is designed for use with voltage and plug that is not compatible with US outlets. May cause damage, malfunction, or fire hazard. Consult with a qualified electrician if you are unsure about voltage compatibility.
