

DESCRIPTION

This table combines the warmth of solid wood with the refined option of a ceramic top insert. At the heart of the design is the calotte, a subtle reference to a spherical segment, gently carved into the wooden base like a negative form that embraces. The tabletop is completed with a flat surface that can feature a ceramic inlay, framed in wood, offering a striking contrast in tone and texture. Available in light or dark finishes, the table invites both visual and tactile exploration, celebrating the natural beauty of materials through craftsmanship and detail.

PRODUCTION PROCESS

Tables are crafted from carefully selected, high-quality solid wood, chosen for its durability and distinctive natural grain. Each piece of wood is precisely cut and shaped to achieve clean lines and balanced proportions. Skilled artisans meticulously assemble the components using traditional joinery techniques, ensuring lasting strength and stability. Surfaces are finely sanded to enhance the wood's texture and prepare it for finishing. The final stage involves applying a chosen finish - whether natural oil, wax, or another treatment - to protect the wood and highlight its organic beauty. The result is a versatile, handcrafted table that seamlessly blends functionality with timeless design.
