

#### DESCRIPTION

Tara chair exemplifies Artisan's commitment to refined craftsmanship and functional design. Its solid wood frame features a gently curved backrest and integrated armrests, providing ergonomic support within a minimalist silhouette. Available with a solid wood seat or upholstered in a selection of premium fabrics and leathers, Tara can be customised to suit diverse interior aesthetics.

#### PRODUCTION PROCESS

The chair parts are made of solid wood pieces of the same length but different widths, with precisely crafted joints on CNC machines. Each piece is chosen through careful matching of wood colors and structures. The upholstered seats are covered with HR foam and upholstery for superior comfort. Certain chair collections are produced using a special wood bending technology. The technical parameters of hand-assembled chairs comply with standard requirements. Final sanding is done manually with fine-grained sandpaper, and various types of finishes enable a wide selection of the chair's final appearance.
