

Tub Jug

“Taking visual cues from the appearance of a fuel container, we wanted to bring a new expression to the traditional table jug. Through its wide opening and handle, the Tub Jug is a simple and useful object to serve as a carafe, watering can or even a vase. Created in ceramics, the Tub Jug features a clear function when in use as well as an aesthetic presence when placed on the table, a sideboard or shelf.”

Description	The Tub Jug is an industrial carafe with a contemporary expression, echoed through its angled handle and wide opening that bring both function and character to the design. The design is made in glazed ceramics.
Material	<p>The Tub Jug is made from stoneware with glaze.</p> <p>Liquid stoneware clay is poured into plaster molds in which the Tub Jug is molded. The design is then polished with a wet sponge and fired at 1000° Celsius. After firing, the Tub Jug is dipped in a water-based solution that contains the color mixture, following which it is placed in the kiln again, this time at 1100° Celsius.</p>
Cleaning & Care	Clean with sponge and water. Dishwasher approved.
