ONE-ARMED SETTEE RIGHT WITH SHELF/LEFT

Dimensions

Height 760 mm
Width 3,020 mm
Depth 1,000 mm
Seat height 440 mm

Weight 137.5 kg
Seats 2 places

Technical characteristics

CONSTRUCTION

Armrest and backrest structures identically made of 3-layer plywood clad in high resilience polyurethane Bultex foam (36 kg/m³ - 2.8 kPa). The entire structure is clad in 110 g/m² polyester quilting. 1-arm settees are available in a version with a shelf (98 cm x 98 cm). This is in natural varnished or black-stained solid ash, 25 mm thick and located 21 cm from ground level.

It is possible to join the elements to form a corner composition and in-line using a steel linking piece. This connection is optional.

COMFORT

Suspension of seat via blocks of pocket springs. The seat is made of high resilience polyurethane Bultex foam (42 kg/m³ - 4,8 kPa et 38 kg/m³ - 2,8 kPa) and a layer of hyper-flexible polyurethane foam (45kg/m³ - 1.8 kPa). The back and armrest are made of high resilience polyurethane Bultex foam (42 kg/m³ - 4.8 kPa, 38 kg/m³ - 2.8 kPa and 26 kg/m³ - 1.4 kPa). All elements are clad in 110 g/m² polyester quilting.

MAKING-UP

5 mm bourrelet stitch on all the elements. Covers may be removed by a professional, except armrest and back for the leather version. PLEASE NOTE, when the models of NOKA are upholstered in ALPA, BYRAM, COWO, FESTA, LHUIS, TONA the bourrelet stitch is replaced by a simple seam.
